#### **GENERAL SAFETY RULES**

1. Do not use if the product is damaged or has parts missing.
2. Do not use on unstable ground such as loose bricks, boxes or blocks?
3. Before use ensure that the castors are fully fitted to the folding frame, tighten if necessary.
4. Remove all personnel and materials before moving the unit.
5. When moving the unit apply force manually by pushing at the base.
6. Do not over reach and do not move the unit by pulling yourself along whilst on the platform.
7. Do not gain extra height by using boxes, ladders etc on the platform.
8. Access to the unit is only through the green gates never through the red gates.
9. Ensure that the locking hooks on gates are functioning correctly and are fully engaged.
10. Ensure that the castors are locked before use.
11. Ensure that the long pin clips are properly fitted.
12. If there is an overhead hazard use head protection. Never gain entrance to the platform by climbing over the outside of the unit.
13. Do not overload the unit.
14. **YOUR SAFETY DEPENDS ON THE CORRECT USE OF THIS EQUIPMENT  
ALWAYS FOLLOW THE INSTRUCTIONS.**
